EXTERIOR TIMBER
PROTECTION

EXTERIOR WOODCARE

Using an oil or stain on your home's exterior wood will help protect it from nature's harsh elements like UV rays and moisture to keep it looking better for longer.

VALSPAR DECKING OIL (WATER-BASED)

The product's advanced, hybrid technology provides all the benefits of a traditional decking oil, with the user-friendliness of an acrylic. This product is low odour and resists mould and fungus build up. It's easy to apply, dries quickly and tools clean up easily in water.

FEATURES

Valspar Decking Oil (Water-Based) is a low odour, water based decking oil that produces a subtle transparent finish to enhance the timber's natural grain.

WHERE TO USE

Use on decks, steps, pergolas, screens, gates and outdoor furniture.

COVERAGE

6-12m² per litre per coat.

RECOAT

15-30 minutes wet on wet or after 2 hours.

SIZES AVAILABLE

1L, 5L & 10L.

VALSPAR DECK & TIMBER STAIN (WATER-BASED)

A technically advanced, water-based stain that provides a semi-transparent finish to your exterior wood. It adds colour to the timber whilst highlighting the natural grain. The product's advanced, hybrid technology provides all the benefits of a traditional decking oil, with the user-friendliness of an acrylic. This product is low odour and resists mould and fungus build up. It's easy to apply, dries quickly and tools clean up easily in water.

FEATURES

Valspar Deck & Timber Stain (Water-Based) is a penetrating wood stain that adds colour to the timber whilst still highlighting the timber's natural grain.

WHERE TO USE

Use on decks, steps, pergolas, screens, gates, outdoor furniture and weatherboards.

COVERAGE

6-12m² per litre per coat.

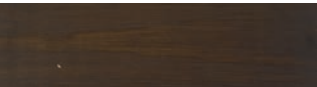

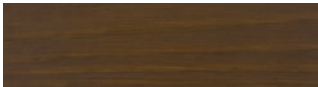

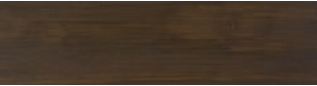

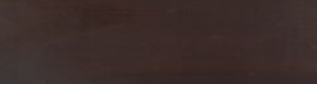

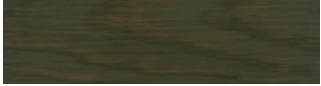

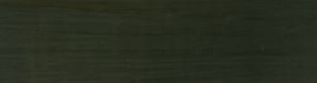

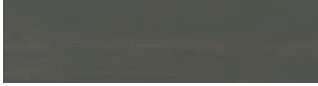

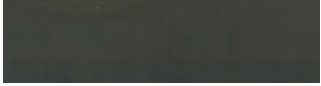

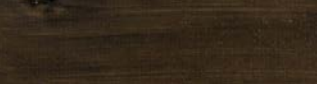

RECOAT

15-30 minutes wet on wet or after 2 hours.

SIZES AVAILABLE

250ml, 1L, 5L & 10L.

VALSPAR FURNITURE OIL (WATER-BASED)

A low-odour, water-based furniture oil with all the user-friendliness of an acrylic. It has built in UV protection and its water repellent properties means it resists mould and fungus. Easy to apply, it dries quickly and tools clean up easily in water.

FEATURES

Valspar Furniture Oil (Water-Based) is a low odour, water based furniture oil that produces a subtle transparent finish to enhance the timber's natural grain.

WHERE TO USE

Use on outdoor timber tables, chairs, garden furniture, handrails and screens.

COVERAGE

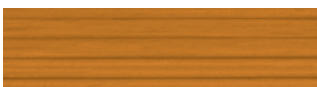

6-12m² per litre per coat.

RECOAT

2 hours.
